## Uniting Industries, Bridging Borders

Taichung International Convention & Exhibition Center (TICEC) — Taiwan's first international convention and exhibition landmark to be awarded the Diamond-Level Green Building certification — embodies the design concept of the "Tree Gate," which stands between the Exhibition Hall and the Conference Center, symbolizing the boundless connection between industries and the world.

Blending sustainability, smart technology, and modern aesthetics, TICEC stands proudly at the heart of the Shuinan Trade and Economic Park. It serves as Taichung's new international gateway — a dynamic hub that links industries, enhances urban competitiveness, and connects Taiwan to the global stage.

## 4 Key Strengths

### Strategic Location Hub

Located in the heart of Taichung, TICEC connects the north and south of Taiwan, linking the Taichung Port and the Taichung International Airport. It opens a new gateway for global trade and communication, shaping a vital platform for industries to engage with global markets.

### Industrial Economic Engine

Located in Taiwan's manufacturing heartland, TICEC is surrounded by clusters of precision machinery, optoelectronics, bicycles, aerospace, and automotive components. It offers a seamless "Exhibition x Factory Visit" experience, allowing global buyers to witness Taiwan's innovation and manufacturing capabilities.

### Smart Venue Management

Equipped with advanced digital and facility management systems, TICEC combines operational efficiency with an outstanding visitor experience. Certified as a Smart Building, it sets a new benchmark for intelligent convention and exhibition venues across the Asia-Pacific region.

### Sustainable Green Development

Proudly certified with both Diamond-Level Green Building and Diamond-Level Carbon Footprint certifications, TICEC combines sustainable design with smart innovation. With over 4,945 rooftop solar panels that generate 1.9 MW of green power, it stands as a model for green and intelligent venues worldwide.

## Top Choice for Your Events

With state-of-the-art facilities and highly flexible venue layouts, TICEC is designed to host international exhibitions, large-scale conferences, industry forums, business matchmaking events, and more. It also offers ideal spaces for product launches, market fairs, banquets, and weddings.

The opening of TICEC not only completes Taiwan's MICE landscape in the western region, but it also empowers the growth and evolution for Taiwan's industries — bridging resources across northern, central, and southern Taiwan, and connecting local industries to global markets.

Standing as a new benchmark for Taiwan's MICE industry, TICEC begins a new era for Taiwan on the global stage.

## Exhibition Hall

- The Exhibition Halls on both the 1st and 4th floors are equipped with movable partitions, allowing the space to be divided into two independent areas as needed.
- The exhibition area features an underfloor duct that conceals power lines, network cables, water supply, drainage, and compressed air pipelines for a clean setup.

### Two-Level Exhibition Hall

| | Dimensions | Standard Booths | Pillars | Floor Height | Floor Load Capacity |
|---|---|---|---|---|---|
| 1F Whole | 14,011m² | 800 | 36 | 12m | 5 tons/m² |
| Area E | 7,693m² | 437 | 20 | | |
| Area F | 6,318m² | 363 | 16 | | |
| 4F Whole | 14,472m² | 833 | 22 | 15m | 2 tons/m² |
| Area G | 6,984m² | 415 | 10 | | |
| Area H | 7,488m² | 418 | 12 | | |

## Conference Rooms

- The Convention Center offers 8 meeting rooms on the 1st and 3rd floors, while the Exhibition Hall offers 5 additional rooms, accommodating meetings and events of various scales and formats.
- C101 on the 1st floor features movable partitions for flexible space division, while the C301 on the 3rd floor is a pillar-free design with an unobstructed and adaptable environment for conferences.

### Convention Center

| | Dimensions | Capacity / Room Layout | |
|---|---|---|---|
| | | Theater Seats | Classroom Seats |
| C101(Whole) | 2,779m² | 3,000 | 2,238 |
| A+B+C+ | 1,632m² | 1,502 | 1,284 |
| DE | 775m² | 772 | 570 |
| F | 381m² | 304 | 240 |
| C301 | 1,482m² | 1,600 | 1,200 |
| C302 | 75m² | 48 | 34 |
| C303 | 61m² | 38 | 24 |
| C304 | 78m² | 50 | 34 |
| C305 | 75m² | 48 | 34 |
| C306 | 61m² | 38 | 24 |
| C307 | 78m² | 50 | 34 |

### Exhibition Hall

| | Dimensions | Capacity / Room Layout | |
|---|---|---|---|
| | | Theater Seats | Classroom Seats |
| E201 | 114m² | 84 | 60 |
| E202 | 49m² | 28 | 24 |
| E203 | 112m² | 84 | 60 |
| E204 | 56m² | 32 | 22 |
| E205 | 63m² | 48 | 32 |
